

SEXUALITY RESOURCES

God is, by His very nature, a creator. We are created in His image and have been gifted with procreation. (Genesis 1:26-28.) Unfortunately this part of our humanity has also been defiled by the impact of sin. Satan has tried to turn our gift of sexuality into a curse but Christians have an advantage in this area. When the Holy Spirit is invited into your life, He can turn any curse of Satan into a joy. Christians can rejoice, 'God made me sexual', because the self-giving intimacy they experience with their spouse reveals to them how close a relationship God wants with them.

This Toolbox is not an exhaustive list of helpful information. It is an introduction to resources that will give guidance in the area of Christian sexuality and how to combat the negative aspects that sin brings into the sex life.
